February 2014

Dear Colleague,

“Compassion, Innovation, Dedication: The Commitment Continues” – that’s the theme for this year’s National Hospital Week, May 11-17, 2014. It celebrates the men and women who, day in and day out, remain committed to improving the health of their communities through compassionate care, constant innovation and unwavering, unmatched dedication.

National Hospital Week is our annual opportunity to thank these dedicated individuals -- physicians, therapists, nurses, engineers, food services workers, volunteers, administrators and so many more -- for their commitment. It’s also a great time for us to tell the hospital story nationwide and publicly reinforce the vital role hospitals play in their community’s overall health, which extends far beyond strictly providing medical care.

I encourage you to use the enclosed guides to plan your hospital’s celebration this year. The Planning Guide is filled with tips, activities and instructions to help you promote National Hospital Week in your hospital and community. In the Product Guide, you will find an array of gifts, awards and promotions to help make this year’s commemoration that much more special.

I hope you will join with hospitals nationwide to take advantage of this opportunity to tell the hospital story and to thank the dedicated men and women who make it happen.

Sincerely,

Rich Umbdenstock
President & CEO
